OBJECTIVE

Driven AI & Data Science student with hands-on experience in machine learning, mobile app development, and data analytics, actively seeking internship or entry-level opportunities to build impactful, real-world technology solutions.

EDUCATION

Bachelor Of Technology (AI & Data Science) | Aalim Muhammed Salegh College of Engineering, Avadi IAF, Chennai | 2023 – 2027

- Acted as a bridge between students and faculty, managing communication and academic coordination(Class Representative)
- Organized and executed college events, handling planning, logistics, and team coordination(Event Coordinator)

Higher Secondary Education | Imam Shafi (Rah) Higher Secondary School | ADIRAMPATTINAM , THANJAVUR | MAY 2023

- Completed higher secondary education with 81%, building a strong academic foundation

INTERNSHIP EXPERIENCE

Web Developer Intern | HASNA TECHNOLOGY | On-Site | JUL-AUG 2026

- Developing and maintaining responsive websites using HTML, CSS, JavaScript, React.js, Laravel, and Tailwind CSS
- Working on real-world web applications, implementing user interfaces, backend functionality, and database integration
- Collaborating with the development team to troubleshoot issues, improve website performance, and deliver client-focused solutions

Web Design Intern | SKT Software | On Site | MAY-JUNE 2025

- Gained hands-on experience in web design and front-end development using HTML and CSS
- Designed and structured basic web pages focusing on UI layout and user-friendly design

Virtual Internship | AI/XR ProgrammeTamil Nadu Skill Development Corporation (Naan Mudhalvan) | JAN(21)-FEB(04) 2026

- Learned fundamentals of AI and XR technologies through structured training sessions
- Developed basic understanding of emerging technologies and real-world applications

Virtual Internship | Project Management Tool **|** AdroIT Technologies Innovative Solutions Pvt. Ltd | | DEC(29)-FEB(09) 2026

- Worked on a project management tool, understanding workflow and task management concepts
- - Gained exposure to project planning, coordination, and development process

PROJECTS

Offline Telemedicine System (Rural Healthcare) | Python, SMS API, Data Management

- Designed an offline-first telemedicine system enabling appointment booking via SMS for rural areas
- Implemented automated SMS-based booking and confirmation system for patients without internet access
- Developed a simple data handling system to manage patient records and appointment scheduling efficiently

MultoBill – Smart Billing Application | Flutter, Hive, Bloc, Barcode Scanner

- Developed a cross-platform billing app using Flutter with clean architecture and BLoC state management for efficient performance
- Enabled offline billing by integrating Hive local database, ensuring seamless usage without internet connectivity
- Implemented barcode scanning and dynamic product management for faster and accurate billing workflow
- Designed complete checkout system with cart management, real-time total calculation, and smooth user experience
- Integrated receipt generation and printer support for instant bill printing in real-world shop environments

ACHIEVEMENTS & EXTRACURRICULAR ACTIVITIES

National Science Fair (NSF) 2023 – 2nd Place (National Level)

- Secured 2nd place at National Science Fair conducted by Jamal Mohamed College during 12th standard
- Presented a science project and competed at national level among students from various institutions

Volunteer – Thisai Charitable Trust

- Actively contributed to social service activities and community support initiatives
- Assisted in organizing and managing charitable events and outreach programs

Founder – Vmakitec Services and Tech Solutions (MSME Registered)

- Established a registered MSME enterprise focused on technology and service solutions
- Gained experience in business registration, operations, and service-based project handling

TECHNICAL SKILLS

- **Programming Languages:** Python, Dart, Sql
- **Tools & Platforms:** Git, GitHub, Power BI, WEKA, MS Excel
- **Libraries & APIs:** Pandas, NumPy, Scikit-learn, SMS API, Barcode Scanner Integration
- **Core Concepts:** Machine Learning, Data Analysis, Data Visualization, Offline-First Systems, Mobile App Development, Role-Based Access Control

CERTIFICATES

Internships / Programs

HASNA TECHNOLOGY INTERSHIP
SKT Internship – Certificate & Offer Letter
AdroIT Technologies – Virtual Internship (Project Management Tool)
Naan Mudhalvan Programme – Virtual Internship (EIG AI)
Campus Ambassador Certificate – Skill Intern (Startup India)
Zequin: 2-Day Student Development Program (AI & ML)

Courses

Infosys Springboard – AI: Types of Artificial Intelligence
HP LIFE – Data Science & Analytics (Certificate of Completion)
LinkedIn Learning – Strategic Business Analysis Essentials
HP LIFE: AI for Beginners
TCS iON Career Edge: Young Professional

Assessments

HackerRank: SQL (Basic)
HackerRank: Problem Solving (Basic)
